Stobaugh 2012-02 Respected Christian educator, Dr. James Stobaugh, offers an entire year of high school British history curriculum in an easy to teach and comprehensive volume. British History: Observations & Assessments from Early Cultures to Today employs clear objectives and challenging assignments for the eleventh grade student without revisionist or anti-Christian perspectives. From before the Anglo-Saxon invasions to the end of an empire, British history trends, philosophies, and events are thoroughly explored. The following components are covered for the student: Critical thinking - Examinations of historical theories, terms, and concepts - History makers who changed the course of Britain's history - Overviews and insights into world views. Students will complete this course knowing the rise of the British empire that influenced nearly every corner of the earth!

Black and British-David Olusoga 2016-11-03 '[A] comprehensive and important history of black Britain . . . Written with a wonderful clarity of style and with great force and passion.' - Kwasi Kwarteng, Sunday Times In this vital re-examination of a shared history, historian and broadcaster David Olusoga tells the rich and revealing story of the long relationship between the British Isles and the people of Africa and the Caribbean. This edition, fully revised and updated, features a new chapter encompassing the Windrush scandal and the Black Lives Matter protests of 2020, events which put black British history at the centre of urgent national debate. Black and British is vivid confirmation that black history can no longer be kept separate and marginalised. It is woven into the cultural and economic histories of the nation and it belongs to us all. Drawing on new genealogical research, original records, and expert testimony, Black and British reaches back to Roman Britain, the medieval imagination, Elizabethan ‘blackamoors’ and the global slave-trading empire. It shows that the great industrial boom of the nineteenth century was built on American slavery, and that black Britons fought at Trafalgar and in the trenches of both World Wars. Black British history is woven into the cultural and economic histories of the nation. It is not a singular history, but one that belongs to us all. Unflinching, confronting taboos, and revealing hitherto unknown scandals, Olusoga describes how the lives of black and white Britons have been entwined for centuries. Winner of the 2017 PEN Hessell-Tiltman Prize. Winner of the Longman History Today Trustees’ Award. A Waterstones History Book of the Year. Longlisted for the Orwell Prize. Shortlisted for the inaugural Jhalak Prize.

Century.

The Companion to British History-Charles Arnold-Baker 2015-07-30 First published in 1996, this comprehensive guide to the history of Britain and its peoples will be indispensable reading for the general enthusiast, as well as students. It is packed full of fascinating detail on everything from Hadrian’s Wall to the Black Death to Tony Blair. The book was assembled over more than thirty years and has seen updates in three editions. "He has done for historical encyclopaedias what Samuel Johnson did for dictionaries." Andrew Roberts, The Daily Telegraph "An astonishing synthesis of information." Roger Scruton, The Times "An astonishing achievement, a compelling book for dipping into, a splendid work." Simon Hoggart, The Guardian "This marvellous book, which contains tens of thousands of historical facts will enlighten, amuse, and inform. Every home should have one." Simon Heffer, The Daily Mail "If you were marooned on that mythical desert island with only one history book, this would be the one to take. Buy three copies – one for the children, one for the grandchildren- and one for yourself." John Charmley, The Daily Telegraph

Middle English Literature-Christopher Cannon 2013-04-18 This book provides a boldly original account of Middle English literature from the Norman Conquest to the beginning of the sixteenth century. It argues that these centuries are, in fundamental ways, the momentous period in our literary history, for they are the long moment in which the category of literature itself emerged as English writing began to insist, for the first time, that it floated free of any social reality or function. This book also charts the complex mechanisms by which English writing acquired this power in a series of linked close readings of both canonical and more obscure texts. It encloses those readings in five compelling accounts of much broader cultural areas, describing, in particular, the productive relationship of Middle English writing to medieval technology, insurgency, statecraft and cultural place, concluding with an in depth account of the particular arguments, emphases and techniques English writers used to claim a wholly new jurisdiction for their work. Both this history and its readings are everywhere informed by the most exciting developments in recent Middle English scholarship as well as literary and cultural theory. It serves as an introduction to all these areas as well as a contribution, in its own right, to each of them.

British History 1815-1914-Norman McCord 2007-10-25 This fully revised and updated edition of Norman McCord’s authoritative introduction to nineteenth-century British history has been extended to cover the period up to the outbreak of the First World War in 1914. The authors chart the development of a modern state equipped with a large and expanding bureaucracy, the expansion of overseas territories into one of the world’s greatest empires, and changes in religion, social attitudes, and culture. British History 1815-1914, Second Edition, divides the era into four chronological periods, with chapters on the political background, administrative development, and social, economic, and cultural changes in each period. This new edition explores such major themes as the massive increase in population, the question of class, the scope of state activity, and the development of consumerism, leisure, and entertainment. Featuring a select bibliography and biographical appendix, this volume provides the ultimate introduction to British history between the end of the Napoleonic Wars and the outbreak of the First World War.

British History, 1660-1832-Alexander Murdoch 1999-01-20

Modern British History-Jeremy Black 2000 This compelling text provides a thematic account of British history centering on the 20th century. To the traditional, chronological account of historic events, Black adds long-range thematic chapters reflecting the full range of topics. These include political structures, ideologies, wars and international relations, economic history, and social history as well as consumerism, media, and mass communication. The coverage is further enlivened with exhibits providing supplementary background information on key personalities and pivotal events, and numerous illustrations.

The British Empire-Professor Jeremy Black 2015-10-28 Focusing on the most prominent and wide-ranging empire in world history, the British Empire, Jeremy Black provides not only a history of that empire, but also a perspective from which to consider the issues of its strengths and weaknesses, and rights and wrongs. The book addresses global decline, decolonisation, and the complex nature of post-colonialism and different imperial activity in modern and contemporary history.

European History For Dummies-Seán Lang 2011-01-04 The rich variety of Europe’s history rolled into one thrilling account. This book takes you on a fascinating journey through the disasters, triumphs, people, power and politics that have shaped the Europe we know today - and you’ll meet some incredible characters along the way! From Roman relics to Renaissance, World Wars and Eurovision, European History For Dummies packs in the facts alongside the fun and brings the past alive. Accompanied by access to a value-add timeline and 'Who's Who in European History' section on dummies.com This new edition contains an 8-page colour insert so you can see who, what, and where the ensuing historical action takes place.

A Chronology of Medieval British History-Timothy Venning 2020-05-21 A Chronology of Medieval British History 1066–1307 covers events in British history, starting with the arrival of the new Norman ruling dynasty which ‘connected’ British politics, culture, religion and society more closely to mainland Europe, and ending with Edward I’s death and Robert Bruce’s revolt in 1307. The book is designed as a year-by-year guide to political, military, religious and cultural developments, centred on the states within the British Isles – England, Scotland, the Welsh states until annexation in 1282, and Ireland until conquest in the 1170s. Throughout the book, a detailed but succinct narrative of events is provided, clearly explaining what happened and when. The relevant sources and the latest academic studies for each period are listed, and any difficulties relating to the dating, accuracy and interpretation of records are identified. Comprehensive and accessible, A Chronology of Medieval British History 1066–1307 will be of great use to students of medieval British and European history.

Aspects of British Political History 1815-1914-Stephen J. Lee 2013-03-07 Aspects of British History, 1815-1914 addresses the major issues of this much-studied period in a clear and digestible form. * Introduces a fresh feel to long-studied topics * Consolidates a great deal of recent research * Carefully organised to reflect the way teachers tackle this course * Written by and experienced and renowned textbook author * Illustrated with helpful maps and photographs

Modern British History-Mark Garnett 2004 Invaluable to students and general readers alike, this comprehensive and entertaining survey of the events, people and themes of modern Britain, provides the context for the interwoven social and political culture of the recent past.

Four Nations Approaches to Modern 'British' History-Naomi Lloyd-Jones 2017-10-26 This collection brings together leading and emerging scholars to evaluate the viability of four nations approaches to the history of the United Kingdom from the eighteenth to the twentieth century. It recognises the separate histories of England,

Ireland, Scotland and Wales and explores the extent to which they share a common, ‘British’ history. They are entwined, with the points at which they interweave and detach dependent upon the nature of our inquiry, where we locate our ‘core’ and our ‘periphery’, and the ‘cause’ and ‘effect’ of our subject. The collection demonstrates that four nations frameworks are relevant to a variety of topics and tests the limits of the methodology. The chapters illuminate the changing shape of modern British history writing, and provide fresh perspectives on subjects ranging from state governance, nationalism and Unionism, economics, cultural identities and social networking.

William Shakespeare-Leon Ashworth 2004-08 The life of William Shakespeare is described in this book, which is part of the British History Makers series on famous figures who shaped historical events. Through the use of artwork, documentary evidence, and fact-filled information panels, a rounded picture is given of the turbulent time in which he lived.

A Chronology of Medieval British History-Timothy Venning 2020-06-08 A Chronology of Medieval British History 1307-1485 is a year-by-year guide to political, military, religious and cultural developments in the states within the British Isles from 1307-1485. The book uses a range of primary sources to provide a detailed and comprehensive narrative of events as they occurred. Throughout, the dating and accuracy of the records are identified, and problems of interpretation highlighted. The result is both a narrative of developments in parallel and inter-connected polities, and an ‘epitome’ of source material. Where exact data is difficult to come by or problematic on account of the political bias of the sources, this is evaluated and various options in interpretation referenced along with any recent developments in study and interpretation by academic experts. Using a chronological framework and dividing the material into separate sections for each state or region each year to allow for easy cross-referencing, A Chronology of Medieval British History 1307-1485 is ideal for students of medieval British and European history.

Uniting the Kingdom?-Alexander Grant 2002-11-01 In Uniting the Kingdom? a group of the most distinguished historians from Britain and Ireland assemble to consider the question of British identity spanning the period from the Middle Ages to the present. Traditional chronological and regional frontiers are broken down as medievalists, early modernists and modernists debate the key issues of the British state: the conflicting historiographies, the nature of political tensions and the themes of expansion and contraction. This outstanding collection of essays forms an illuminating introduction to the most up-to-date thinking about the problems of British histories and identities.

A Guide to the Sources of British Military History-Robin Hlgham 2015-10-05 Designed to fill an overlooked gap, this book, originally published in 1972, provides a single unified introduction to bibliographical sources of British military history. Moreover it includes guidance in a number of fields in which no similar source is available at all, giving information on how to obtain access to special collections and private archives, and links military history, especially during peacetime, with the development of science and technology.

Encyclopaedia of British History-Nicola Barber 1999-09

A Short History of British Colonial Policy-Hugh Edward Egerton 1897

The Dent Atlas of British History-Martin Gilbert 1993 The changing story of the British Isles forms the theme of this atlas, which covers not only England, Scotland, Ireland and Wales but also the overseas empire. With captions, explanations and maps, it also provides a representation of British history in the social, religious and economic fields.

The What on Earth? Timeline Collection-Christopher Lloyd 2016 Explore British History as you have never seen it before! A beautiful two-metre long timeline unfolds to reveal key moments including the story of kings and queens, famous battles, the heroes of science, art and culture as well as iconic national buildings and monuments, all of which have shaped the history of our islands from before humans to the present day. Also includes 16 pages of newspaper-style chronicle with crosswords, letters-to-the-editor and a multiple choice quiz. The finishing touch of a handy pocket magnifier make The British History Timeline Wallbook the perfect gift for curious kids and adults alike.

A History of Britain-E. H. Carter 2011-06-01 British & Irish history.

Atlas of British Social and Economic History Since c.1700-Mr Rex Pope 2002-03-11 First published in 1990. Routledge is an imprint of Taylor & Francis, an informa company.

1066 and All that-Walter Carruthers Sellar 1997-03-01

British Political History, 1867-2001-Malcolm Pearce 2013-09-13 This third edition of British Political History, 1867-2001 is an accessible summary of major political developments in British history over the last 140 years. Analyzing the changing nature of British society and Britain's role on the world stage, Malcolm Pearce and Geoffrey Stewart also outline the growth of democracy and the growth in the power of the state against a background of party politics. New coverage includes: domestic affairs from 1992 to 2001 John Major's Government the creation of 'New' Labour and the 'Third Way' Blair's first ministry developments in Northern Ireland

from 1995 through the Easter Peace Deal into 2001 the 2001 General Election results and implications. Students of British politics and history will find this the perfect resource for their studies.

The Oxford History of the British Empire: The eighteenth century-William Roger Louis 1998 Continuing Oxford's five-volume comprehensive history of the British Empire, Volume II examines the history of British expansion from the Glorious Revolution of 1689 to the end of the Napoleonic Wars, a crucial phase in the creation of the modern British Empire. 13 maps.

The Miles Kelly Book of British History-Philip Steele 2009-05-01 This reference book includes everything you need to know about the history of the British Isles. It reviews thousands of years of culture, events and political intrigue, and follows changes in industry, architecture and exploration.

The Myth of Consensus-Harriet Jones 1996-11-12 This groundbreaking collection of essays challenges the notion that early postwar Britain was characterised by a consensus between the major political parties arising out of the experiences of the wartime coalition government. The volume collects for the first time the views of the revisionist historians who argue that fundamental differences between and within the parties continued to characterise British politics after 1945. Covering topics as diverse as industrial relations and decolonisation, the volume provides a welcome contrast to orthodox interpretations of contemporary Britain.

The Routledge Companion to British Media History-Martin Conboy 2014-09-15 The Routledge Companion to British Media History provides a comprehensive exploration of how different media have evolved within social, regional and national contexts. The 50 chapters in this volume, written by an outstanding team of internationally respected scholars, bring together current debates and issues within media history in this era of rapid change, and also provide students and researchers with an essential collection of comparable media histories. The first two parts of the Companion comprise a series of thematic chapters reflecting broadly on historiography, providing historical context for discussions of the power of the media and their social importance, arranged in the following sections: Media History Debates Media and Society The subsequent parts are made up of in-depth sections on different media formats, exploring various approaches to historicizing media futures, divided as follows: Newspapers Magazines Radio Film Television Digital Media The Routledge Companion to British Media History provides an essential guide to key ideas, issues, concepts and debates in the field. Chapter 40 of this book is freely available as a downloadable Open Access PDF at www.tandfebooks.com/openaccess. It has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives 3.0 license.

A Dictionary of British History-John Ashton Cannon 2001 Drawing on The Oxford Companion to British History, published in 1997, The Dictionary of British History to be published in the very popular OPR series is a handy and invaluable reference work essential for anyone with an interest in British history and a need for a compact source covering2000 years of history. In more than 3600 entries, over 100 specialist contributors describe the people and events that have shaped and defined domestic, political, social, and cultural life in Britain over the past two millennia.Entries cover a wide breadth of subject matter -people: philosophers (John Locke, Herbert Spencer), writers (Dickens, T. S. Eliot, Chaucer), composers (Elgar), politicians (Dilke, Disraeli) actors (Charlie Chaplin), royalty (Ine King of Wessex, house of Tudor). events: disasters (fire of London, Titanic), diseases (Cholera).domestic history: legal issues (jury system) and technical terms, newspapers and periodicals (The Times), sport (squash) and leisure (chess), scholarship and education (public schools).local history: counties (Derbyshire, Warwickshire), towns (Chester, Ipswich), and cities (London).military history: battles (Battle of Britain, battle of Mynydd Carn, battle of Dollor), treaties (Locarno Treaties, treaty of Troyes), conflicts, and wars (war of Spanish succession, war of 1812).political history: reform (Speenhamland), civil unrest (Tolpuddle martyrs, Peterloo massacre), acts of parliament (Chimney Sweeps Act, Intolerable Acts, Riot Act), and governmental issues.economic and social history: important inventions and innovators (Richard Trevithick), movements for change (Chartism, British Association for the Advancement of Science, campaign for nuclear disarmament), reform, and changes in the economic climate (industrial revolution).

Gibraltar-Roy Adkins 2019-03-12 A rip-roaring account of the dramatic four-year siege of Britain's Mediterranean garrison by Spain and France--an overlooked key to the British loss in the American Revolution For more than three and a half years, from 1779 to 1783, the tiny territory of Gibraltar was besieged and blockaded, on land and at sea, by the overwhelming forces of Spain and France. It became the longest siege in British history, and the obsession with saving Gibraltar was blamed for the loss of the American colonies in the War of Independence. Located between the Mediterranean and Atlantic, on the very edge of Europe, Gibraltar was a place of varied nationalities, languages, religions, and social classes. During the siege, thousands of soldiers, civilians, and their families withstood terrifying bombardments, starvation, and disease. Very ordinary people lived through extraordinary events, from shipwrecks and naval battles to an attempted invasion of England and a daring sortie out of Gibraltar into Spain. Deadly innovations included red-hot shot, shrapnel shells, and a barrage from immense floating batteries. This is military and social history at its best, a story of soldiers, sailors, and civilians, with royalty and rank and file, workmen and engineers, priests, prisoners of war, spies, and surgeons, all caught up in a struggle for a fortress located on little more than two square miles of awe-inspiring rock. Gibraltar: The Greatest Siege in British History is an epic page-turner, rich in dramatic human detail--a tale of courage, endurance, intrigue, desperation, greed, and humanity. The everyday experiences of all those involved are brought vividly to life with eyewitness accounts and expert research.

Classes, Cultures, and Politics-Clare V. J. Griffiths 2011-04-07 Classes, Cultures, and Politics is a major work of scholarship and a key source for all those interested in twentieth-century Britain. It provides insights into Ross McKibbin's life and thought, and seeks to explore the implications of his arguments.

Atlas of British History-Martin Gilbert 1993 Presents a visual history, including political, economic, social, military, and territorial aspects of Britain
